GPS Bus Tracking System

An advanced GPS bus tracking system allows us to know where the vehicles are, at what speed they travel, the stopping time, the forecast to next destination, if any rerouting is needed and all the information you may need to receive that precise moment. **We know** exactly where they are and what they do without the need to call them!

Our guides

All our local guides are licensed and have traveled Turkey extensively and they are leading professionals in their fields. We have a very detailed rating system which allows us to cooperate with the best possible guides.

PA Tour Guide System

The PA Tour Guide System helps our guests with hearing difficulties overcome background noise and distance from the tour guide - even in noisy surroundings. Our tour guide wears a transmitter and Headset microphone. Listeners use portable receivers and lightweight headphones to hear every word clearly and easily, even in the back of the group. Complete, portable system operates over a distance of 250 to 300 feet.

Welcome Gift Bag

A welcome gift is offered to each guest. A beautiful Velvet Gift Bag with your company's logo carrying an **Evil Eye...**

There is probably no culture in the world, which is free from the clutches of superstition and to counter these superstitions, in every culture you will find people taking recourse to charms and talismans. The Turkish Evil Eye Pendants or the "nazar boncugu" is the Turkish means of keeping at bay the ills brought on by envious and greedy eyes

First Class Insurance coverage of US\$ 2 million

We are covered with a special Tour Operator Liability Insurance by the first class insurers; **"The Insurance Company of the State of Pennsylvania"** for a limit of US\$ 2 Million. The insurance covers the General Liability, Automobile Liability and Contingent Watercraft Liability.
