## PRIVATE TOUR OF ANCIENT EPHEBUS

### & WINE TASTING AT YEDI BILGELER (THE SEVEN SAGES) WINERY / Unique Moment

Today, you will explore **Ancient City of Ephesus**. The very first settlement of Ephesus that was founded by the Greek colonists as early as 11th century BC and remained inland due to the silting of the port of Ephesus, your guide will lead you through the world's best preserved Roman city of Ephesus where history and archaeology will offer you their majesty with incredible richness. Ephesus was the Capital of the Province of Asia Minor famed for its flavorsome market during the Roman Era and was, therefore, the scene of many political intrigues while commanding an immense wealth due to its port and its trading activities. A city with such importance, authority and prosperity had prestigious buildings that have been able to survive up to today in a wonderful state of preservation. You will pursue the traces of the glorious past of Ephesus walking on the **Marble Road** that runs through the city with various structures resting on it: **Temple of Hadrian** is a

unique beauty greeting you with its articulate façade that was built to honor the famous Roman Emperor, Hadrian during 2nd Century AD. Rising in the center of Ephesus is **Library of Celsus** built in honor of the great governor of Roman days.

The façade of the Celsus Library reflects the grandeur and prestige of the Roman Period with a fabulous exposition of intricacy in its mural decoration. Among all the stunning archaeological remains, the **Great Theater** of Ephesus bears the major significance as the biggest Roman theater surviving in the world of archaeology. Afterwards, you will experience tasting very unique wines produced by the local grapes of the region. The **Seven Sages Winery** was opened in 2010 combining with the right spot, right grapes and the right architect. Firstly they started to import vines from France to match their soil and climatic conditions and now they produce their own wines under the name of philosophers such as; Anaxagoras, Lassos, Thales, Solon and Bias.
